

EASTER CAMP 2016 - COLWALL

Theme: BACK TO THE FUTURE

Late Friday night to the top of Worcester Beacon to stargaze and watch moon rise. *"When I consider the work of your fingers, the moon and the stars..." Psalm 8.*

Saturday began with PT, a full breakfast, Inspection ...

... and at morning devotions (we call them 'Morning Watch') a Roman Centurion travelled through time to tell us all about how he organised crucifixions. He remembered one who was different. *"Surely he was the Son of God"*.

Visiting The Engine House @ SVR took us back to the days of steam and 'The Railway Children'.

Sunday morning worship @ St James the Great and an Easter egg hunt.

After dinner, a walk to the Downs School to re-create pictures of 1st A visits from over 60 years ago.

After tea, games and 'Back to the Future 2'.

Monday more PT, Inspection,...

... and another visitor from long ago - Mary Magdalene told us how she discovered an empty tomb and met someone she thought was the gardener.

After welcoming visitors and another great dinner, there was a choice of football on the green or a walk, then tea, more games and 'Back to the Future 3'

Tuesday even more PT, more food, a final Inspection, another story from the past, another walk - with a challenge to re-create a photo from 1966.

Who moved the see-saw?

1966

Flag down and home for a well earned rest!
